No. 216.	
Definition of Backward class.	
Mr. Shankaranarain Rao, Shimoga taluk.	Having regard to recent orders issued by Government and various instructions departmentally issued, it appears to be very necessary to define this expression, as otherwise it is likely to lead to very great hardships. The policy adopted may also be reconsidered as it is likely to affect the efficiency of the service very materially.
Existing order or practice relating to the subject—	
Remarks by the Deputy Commissioner—	

VIII. Miscellaneous—contd.

No. 215.

Summary of Representation.

Pay and prospects of officials in service.

Messrs. (a) Ramaswami Iyengar, Hassan taluk; (b) H. Krishna Murti, Arsikere taluk; and Alasingarachar, Hassan taluk.

(a) The present rules do not give scope for promotions to deserving officials in service who are not qualified by passing tests, etc. This causes discontent among them and leads to deterioration of service also. The rules may be amended and better prospects held out to deserving officials of experience and long service.

(b) According to recent rules of recruitment to Upper Subordinate ranks in service, graduates are preferred to non-graduates and the prospects of the latter are therefore not encouraging. This distinction may be removed and better prospects held out to non-graduate officials in service.

Existing order or practice relating to the subject—

(a) According to Government Order No. 75—E. A. G. 40, dated 24th November 1916, appointments of less than Rs. 25 will be given to only those who have passed Lower Secondary Examination and also Clerkship Examination, Lower grade. For appointments of Rs. 25 and upwards one must be a Matriculate and must have passed Clerkship Examination (Higher).

(b) According to Government Order No. G. 9060-9102—G. M. 401-16-1, dated 2nd January 1917, only graduates are selected as Probationers.

Remarks by the Deputy Commissioner—

(a) Promotions may not be withheld to officials if they have passed some of the qualifying tests required for the post they seek.

(b) This distinction is necessary to maintain efficiency.
